

THE NORTH WEST'S "ULTIMATE CLEANING & PROPERTY CARE SERVICE"

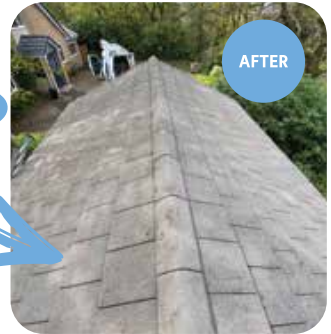

IF YOU WANT YOUR ROOF TO LOOK GOOD AS **NEW!**

Let Just Clean Property Care give your roof a makeover with our professional roof cleaning & soft washing services. We are a Warrington-based cleaning company specialising in low pressure cleaning, soft washing and manual roof cleaning.

What do we offer?

Over time your roof can become covered in unsightly moss, algae or lichen. This happens when your roofing material becomes porous due to weathering over many years, leading to damaged tiles and blocked gutters.

Why We Stand Out?

We are devoted to providing its customers the highest level of quality, value, professionalism, and customer service. We will treat you, your home, and your property with respect and as if it were our own. We will not rush to complete a job, or cut corners to save time.

- ✓ High level of value is provided.
- ✓ Ensure 100% level of satisfaction.
- ✓ Fully insured, fully certified.
- ✓ You're in safe hands.

1 LOW-PRESSURE CLEANING

We use the best roof cleaning equipment to clean your roof's surface thoroughly. The low pressure cleaning will remove all traces of algae, moss and grime in no time. This method is mostly used to clean your roof safely and efficiently. We will then treat the top with a soft-wash treatment for long-lasting protection to prevent regrowth.

2 SOFT WASHING

This safe and highly effective low-pressure cleaning method cleans and sanitises your roof. low-pressure method that uses a chemical solution to kill and detach organic matter from a building's exterior surfaces. We not only remove the moss and the algae, but we also clean your entire roof and leave it gleaming. The soft-wash treatment will kill the spores and treat the root cause of the fungal growth.

3 MANUAL ROOF CLEANING

Scraping is a method of removing moss from your roof using a long pole with a metal blade, this allows you to carefully remove all MOSS after this We will then treat your roof with a soft-wash treatment .

4 STEAM CLEANING

We use Specialist steam cleaning equipment, low pressure will remove all traces of algae, moss and grime in no time, this method is mostly used to clean your roof... We will then treat your roof with a soft-wash treatment .

5 ROOF ACCESS

Access to a roof for the purpose of cleaning should only be undertaken by trained individuals with the correct equipment. Roofs can be slippery and in most cases it is illegal for operatives to stand upon a roof. We are fully certified in health & safety training using harness fall arrest system, or we use our own cherry picker to access your roof.
